## ABOUT CAIMU

Central Asian International Medical University (CAIMU) is a young, dynamic and a progressive higher education institution of the Kyrgyz Republic, licensed and accreditation by Ministry of Education & Science, Ministry of Public health of the Kyrgyz Republic. is listed with world directory of Medical schools (Formerly called WHO directory) managed by World Federation for Medical Education (WFME) NMC, PMC & BM&DC Approved and Foundation for advancement in Research (FAIMER) work. So, we not only focus on preparing students for medical careers but also encourage students to take part in extra-curricular activities such as sports, cultural events, and so on. Certainly, there is something to harmonize the distinctive interests and talents of every student at CAIMU.

We are determined to build a community that is devoted to the student's success and values, individual learning, development, and assistance. It intensifies our core values of morality, integrity, and loyalty. For Diversity; engagement in the community; and devotion to reason, nurturing peace, open-mindedness, and globalization. It is a genuine honor to supervise a medical university where there is positive sentiment each day! We look forward to encouraging our students with their own different stories.

Central Asian International Medical University (CAIMU) is a young, spirited, and advanced higher educational institution of the Kyrgyz Republic, licensed and accredited by the Ministry of education and science, ministry of public health of the Kyrgyz Republic.
